

Industry Experience - Healthcare

Houlihan Capital’s team of investment banking professionals has 25+ years of experience advising family-owned and privately held businesses. Our firm’s approach is tailored to address the unique financial and emotional complexities faced by business owners evaluating a transaction. By working as an extension of our client’s leadership team, our professionals maximize shareholder value while staying sensitive to other key objectives including legacy preservation, management transition and retention, risk alignment, and operational autonomy. Our industry knowledge, network, and experience provide clients with the insights needed to navigate a rapidly changing healthcare landscape.

Frank Martinez
Vice President

(312) 450-8640
fmartinez@houlihancapital.com

Mr. Martinez is a Vice President in Houlihan Capital’s Investment Banking practice and member of the firm’s healthcare group. Mr. Martinez began his investment banking career as a generalist representing families and diverse shareholder groups across a variety of engagements including, strategic mergers and acquisitions, majority and minority recapitalizations, capital raises, valuations, and strategic advisory. Mr. Martinez’ practice is focused on partnering with and advising leading, lower-middle market, healthcare and business services organizations.
